Foreword

Rochdale MBC aims to be recognised as a leader of diversity and equality in its work and as an example of good practice in the delivery of services and employment. This Single Equality and Community Cohesion Policy for Rochdale's schools reflects this ambition and outlines the activities which will deliver this.

Equality of opportunity and social inclusion issues will ensure that all school communities can truly benefit from and contribute to the improvements we are making, which will bring long-term and positive benefits for Rochdale Borough. Therefore, the school's Single Equality and Community Cohesion Policy will require ownership by Governors, senior leaders, all staff, the school community and the students in order to succeed.

This policy serves essentially two purposes:

1. To set out a school's overall commitment to equality and community cohesion in one central document for past, present and prospective students. The Policy therefore contains the school's approach to all relevant protected characteristics of: **Disability, Gender, Gender reassignment, Pregnancy and maternity, Race, Religion or Belief, Sexual orientation**; and
2. How the school will manage, plan and include its Single Equality and Community Cohesion Policy within its day to day work.

Schools also have obligations as employers and a service provider against the protected characteristics of Age and Marriage and Civil partnerships. These obligations are not covered in this framework as this policy is concerned with a school's obligations to its students (mainly present and prospective students and where relevant former students and staff). Separate policy guidance covering recruitment and employment is available from Schools Personnel team and the Local Authority.

This Single Equality and Community Cohesion Policy will help schools ensure that they focus more on the outcomes that matter to students, community and people who use their services; and that their services are more accessible and delivered effectively. This policy provides a framework for the school to **eliminate prohibited conduct, advance equality of opportunity and foster good relations** in a proactive way.

The Single Equality and Community Cohesion Policy is based on the Equality Act 2010. Much of what is required of schools is already being carried out by them. The main new provisions in the Equality Act 2010 are:

- new disability discrimination provisions (direct disability discrimination, indirect disability discrimination and discrimination arising from disability)
- new protected characteristics:
- new positive action provisions

Schools also have a "specific duty" to publish information around their equality objectives in an accessible manner.

Finally, as schools are already aware, avoiding discrimination and promoting equality supports the agenda of improving attainment and progression for all students. Good education and skills are crucial for opening up opportunities and increasing the chance of a successful life. Furthermore, Equality and Community Cohesion is an important part of OFSTED inspections through the Quality of Teaching judgement (Spiritual Moral Social & Cultural element) and need to be considered at all time.

Introduction

There were a number of statutory duties that the school was required to meet prior to the Equality Act 2010. As such, with the implementation of this act and the harmonisation of previous legislation, this policy will refer to the Equality Act 2010 and its various provisions as the legislative framework through which this Single Equality and Community Cohesion Policy will operate.

In the development of this Single Equality and Community Cohesion Policy **Kingsway Park High School (KPHS)** has moved from a focus on an individual response to an approach that builds on **disability, gender, gender reassignment, pregnancy and maternity, race, religion or belief and sexual orientation** considerations from the start and at every level of the school, at strategic, policy, management and classroom level. We will demonstrate what we have done and what we plan to do to improve opportunities and outcomes for students, staff, parents and other users of the school. This policy will be monitored and delivered through the governors' role, School Improvement and Self Evaluation process.

We will ensure that every student irrespective of the protected characteristics is able to achieve high standards and that strategies are in place to tackle under-achievement. We will ensure that every student has access to the necessary support required to enable them to achieve their highest potential. We will ensure that the school's procedures for disciplining students and managing behaviour are fair, effective and equitable.

Our intention is to ensure that the adults working or volunteering in the school include as much as possible a balanced representation of the local and wider community. We believe that this will provide good role models for students from all backgrounds.

This Single Equality and Community Cohesion Policy will be linked to a joint action plan which sets out how we intend to implement the policy over the next three years.

KPHS sees this Single Equality and Community Cohesion Policy as a living document and we will continuously review the action plan in consultation with students, staff, parents, carers, governors and all other stakeholders where possible. We believe they need to be involved from the very start and their involvement will inform the preparation, development, publication, review and reporting of the policy and action plan to ensure that we meet the needs of people from different backgrounds.

We are commitment to the public sector duty which came into force from April 2011, this includes:

- eliminating prohibited conduct
- advancing equality of opportunity
- fostering good relations

Current PAN 240. Governing body have been approached with a view to increasing the Pan to 270 with effect from 2017 until 2026. This will attract funding for an additional building, which will ensure the facilities offered by Kingsway Park continue to be outstanding.

Reputation of the school is improving. Feedback from the local authority and agencies are very positive and the school is seen as a beacon of inclusion.

High turnover of students being admitted throughout the year especially in older year groups due to the fact that the numbers are well below the PAN in older years. Last academic year the number of students joining KPHS was 87 and many of these arriving with the ability to speak very little English or with complex emotional and social issues.

Specific Equality Areas

Disability

What do we mean by Disability Equality?

We recognise that a person has a disability if they have a physical or mental impairment which has a substantial and long-term adverse effect on their ability to carry out normal day-to-day activities.

Our commitment;

The school is committed to promoting an ethos that safeguards the dignity and well being of everyone and encourages practices that take into account the rights of individuals to be treated with dignity and respect. We will not tolerate any form of discrimination, harassment and victimisation directed at anyone because of their disability.

This Single Equality and Community Cohesion Policy incorporates our commitment and actions on disability equality. It demonstrates our commitment to addressing disability equality in our decision making and the delivery of education.

We are committed to promoting equality of opportunity for disabled students, staff and other users of our services so they can have equal access to all our school and its services. This policy is a statement of our commitment and shows clearly how we will work over the next three years to achieve our goal.

We will continue to review our policies, practices and procedures so that they do not adversely affect anyone because of their disability. By also building this into our curriculum, working and procurement processes we will expect others to do the same.

Our Aims and objectives;

We have identified a number of specific actions designed to promote positive attitudes towards disabled people. We have committed to:

- Reviewing marketing and communication to ensure that positive images of disabled people and their abilities are used in our promotional material and publications;
- To implement curriculum based activities to raise awareness and improve understanding of disability issues amongst students and staff.
- To purchase auxiliary aids to ensure disabled students have fair access to lessons.
- To attract or assist disabled people to be represented on a range of partnership bodies, including Governing bodies.
- To improve equal opportunities for disabled employees.

We will consider all aspects of school life, such as teaching and learning, arrangements to provide information in alternative formats, admissions, trips and visits, participation in extended school activities, lunchtime arrangements and canteen facilities and any accessibility plans to improve physical layout of building.

Gender Equality

What do we mean by Gender Equality?

We recognise that a person's gender refers to the fact that they are male or female. In relation to a group of people, it refers to either men or women or to boys or girls.

Our commitment

The school is committed to promoting an ethos that safeguards the dignity and well being of everyone and encourages practices that take into account the rights of individuals to be treated with dignity and respect. We will not tolerate any form of discrimination, harassment and victimisation directed at anyone because of their gender.

We recognise that stereotypes exist for both genders and some can lose opportunities because of these stereotypes and welcome the requirements of the Equality Act 2010 with specific provision for Gender Equality and we will give due regard to the need to:

- Eliminate unlawful discrimination and harassment on the grounds of gender, including domestic violence, sexual violence, bullying and exploitation.
- Promote equality of opportunity between women and men in all of our functions.

Gender Reassignment

We will not tolerate any form of discrimination, harassment and victimisation directed at anyone because they propose to undergo, are undergoing or have undergone gender reassignment.

We understand gender reassignment does not necessarily require a medical process to be undertaken and that a person will be protected because of gender reassignment if they:

- Make their intention known to someone at the school
- Start to behave or dress according to the gender they identify with
- Undergo treatment such as surgery or hormone therapy
- Have already received gender recognition under the gender recognition act 2004

The school will also respect the confidentiality of those seeking gender reassignment and will provide a supportive environment within its school community.

We will not tolerate any form of discrimination, harassment and victimisation directed at anyone because of their pregnancy or maternity.

We will also seek to make arrangements for female students or staff to ensure that they are not treated less favourably because they are pregnant or breastfeeding.

We will not discriminate against a students or staff in absences related to pregnancy and maternity.

Race

What do we mean by Race Equality?

The school adopts the definition of Race as outlined in the Equality Act 2010 as one of the protected characteristics which refer to a group of people defined by their race, colour, and nationality (including citizenship) ethnic or national origins.

Our commitment:

The school is committed to promoting an ethos that safeguards the dignity and well being of everyone and encourages practices that take into account the rights of individuals to be treated with dignity and respect. We recognise that race discrimination, harassment and victimisation may be experienced by all in a number of ways, including day-to-day interaction with fellow students, staff and visitors.

The School also recognises that Black, Asian and Minority Ethnic students and staff may experience discrimination on the basis of race, colour, nationality and ethnic origin. This discrimination can manifest itself in all areas of their lives and can have serious consequences in terms of damaging people emotionally and physically and limiting life choices and opportunities.

The school and governing body does not tolerate any form of race discrimination which it recognises is unacceptable, discriminatory and unlawful, and is proactive in ensuring that people whatever their race, are treated fairly. This commitment is consistent with the significant progress that the school has already made in this area.

We will comply with the requirements of the Equality Act 2010 with regard to Race Equality.

Our commitment

The school is committed to promoting an ethos that safeguards the dignity and well-being of everyone and encourages practices that take into account the rights of individuals to be treated with dignity and respect.

Faith-based hate crime has been a new phenomenon in recent years, developing a character that is distinct from race hate crime. We recognise that discrimination, harassment and victimisation on the grounds of religion and/or belief or non-belief may be experienced in a number of ways, including day-to-day interaction with fellow students, staff and visitors.

The school seeks to eliminate all forms of discrimination and prejudice based on religion and/or belief or non-belief, either direct or indirect, and is committed to treating staff, students and others fairly, regardless of their religion or belief and will not condone unfavourable treatment on this basis.

Sexual Orientation

What do we mean by sexual orientation equality?

The school uses the definition as outlined in legislation as sexual orientation meaning a person's sexual orientation towards:

- persons of the same sex
- persons of the opposite sex, or
- persons of either sex

The school extends the definition of this protected characteristic of sexual orientation to include:

- references to a person who is of a particular sexual orientation, or
- references to persons who share the same sexual orientation

Our commitment

We are committed to promoting an ethos that safeguards the dignity and well being of everyone and encourages practices that take into account the rights of individuals to be treated with dignity and respect. We will not tolerate any form of discrimination, harassment and victimisation directed at anyone because of their sexual orientation.

The School will combat discrimination faced by lesbians, gay and bisexual (LGB) people. We want to ensure equality of opportunity for LGB people across our curriculum provision, services and employment.

We will respect the rights of individuals to be open about their sexual orientation, tackle homophobia, challenge stereotyping and improve knowledge about LGB communities, both internally and to the community as a whole.

The school recognises the need to protect students and staff from unlawful discrimination and harassment on grounds of sexual orientation as required by the Equality Act (Sexual Orientation). We are committed to taking a pro-active approach to preventing all forms of homophobia within the school and will assess the impacts of our policies, functions and procedures on promoting sexual orientation equality as part of our Equality Impact Assessment processes.

We will deal with complaints of discrimination and harassment speedily and according to Local Authority Guidance and notify complainants of the outcome and actions taken.

Our aim

We aim to eliminate further, discrimination and harassment and raise awareness of sexual orientation issues.

Community Cohesion

What do we mean by Community Cohesion?

The school adopts the Department for Education definition of community cohesion to mean working towards a society in which:

- There is a common vision and sense of belonging by all communities the diversity of people's backgrounds and circumstances is appreciated and valued
- Similar life opportunities are available to all, and
- Strong and positive relationships exist and continue to be developed in the workplace, in schools and in the wider community."

Our commitment

For a number of years, we have been committed to promoting community cohesion as part of the response to the legal duties outlined in previous legislation.

We understand that Community Cohesion is the process that should happen in all communities to ensure that different groups and individual people get on well together. It should also allow for new communities and existing communities to adapt and integrate with one another.

The school will promote community cohesion within a number of dimensions including:

- the school community
- the community within which the school is located
- the community of Britain
- the global community.

Teaching, learning and curriculum.

- We encourage students to respect others and value diversity, to develop the skills to take responsible action
- Curriculum planning across all subject areas highlights opportunities to promote community cohesion.
- We have provided for learners to gain the confidence to play a part in their community.
- We have participated in initiatives such as healthy schools, and anti-bullying week.

Our aims and objectives

- To develop an understanding in student that they all have a responsibility to their shared future.
- To emphasise mutual respect and honesty between different groups including young people and adults.
- To promote fairness and trust.

We will evidence our effectiveness for OFSTED by demonstrating:

A widely shared sense of the contribution of different communities to a shared vision.

- A strong sense of individual rights and responsibilities within the school community.
- That all children and parents feel they are being treated fairly and have the same opportunities.
- That children trust the school to act fairly.
- We have strong and positive relationships.

Safeguarding & Building Resilience

Our school is fully committed to safeguarding the welfare of all children and young people by taking all reasonable steps to protect them and build resilience in accordance with the DfE guidance.

This commitment is in line with our school's current Safeguarding Policy and applies to all adults, including volunteers, working in or on behalf of the school.

Preventing Radicalisation

The Counter-Terrorism and Security Act 2015 places a duty on specified authorities, including local authorities and childcare, education and other children's services providers, in the exercise of their functions, to have due regard to the need to prevent people from being drawn into terrorism ("the Prevent duty"). Young people can be exposed to extremist influences or prejudiced views, in particular those via the internet and other social media. Schools can help to protect children from extremist and violent views in the same ways that they help to safeguard children from child sexual exploitation, drugs, gang violence or alcohol.

The Prevent strategy aims to protect vulnerable people from being drawn into terrorism. While it remains rare for children and young people to become involved in terrorist activity, young people from an early age can be exposed to terrorist & extremist influences or prejudiced views. We recognise that as with other forms of safeguarding strategies, early intervention is always preferable. Our school is committed to working with other local partners, families and communities, and we will play a key role in ensuring young people and their communities are safe from the threat of terrorism.

We also recognise that our School has a duty of care to our students and staff which includes safeguarding them from the risk of being drawn into terrorism. Being drawn into terrorism includes not just violent extremism but also non-violent extremism, which can create an atmosphere conducive to terrorism and can popularise views which terrorists exploit. Prevent can work within both violent and non-violent extremism arenas and can include topics such as hate crime, racism, bullying, on line safety and extreme political views.

Our School is committed to:

- Establishing a single point of contact in terms of safeguarding.
- Assess risk of students being drawn into terrorism.
- Develop an action plan to reduce the risk.
- Train staff to recognise radicalisation and extremism.
- Refer vulnerable people to Channel.
- Prohibit extremist speakers and events.
- Manage access to extremist material- ICT filters
- Be confident about British Values

We recognise that some young people, who are vulnerable to extreme views, may find it difficult to develop a sense of self worth and to view the world in a positive way. We also recognise that their behaviour may be challenging at times, and that some may cause offence or harm to others.

We will therefore always take a considered and sensitive approach in order that we can support all of our students by

- providing a safe environment for children and young people to learn and develop in our school setting, and
- identifying children and young people who are particularly vulnerable to extreme views / radicalisation, and taking appropriate action in accordance with the schools Safeguarding procedures with the aim of making sure they are kept safe both at home and in our school setting.
- making appropriate referrals to the Local Authority for early intervention and support where necessary
- ensuring that staff member(s) or governor(s) responsible for safeguarding are kept fully aware of their responsibilities, by attending relevant training and briefings
- letting staff, parents and students know how to voice their concerns
- responding to any allegations appropriately in accordance with appropriate school policies and procedures.

Equality Impact Assessment

Equality Impact Assessments are a good measure to ensure the embedding of equalities and diversity. Impact assessments should be carried out covering all protected characteristics and they should identify both good practice as well as areas where your performance in ensuring diversity could be improved.

We are reviewing key policies, functions or procedures that have been assessed as relevant to meeting the duties set out under the Equality Act 2010.

The main system by which we will assess the impact of our current policies, functions or procedures will be through carrying out Equality Impact Assessments.

We need to understand whether our policies and services are meeting everyone's needs and that anyone who needs to can get access to them. To do this we undertake Equality Impact Assessments (EIA) to test how we are doing at the moment and what can be done better in the future. An EIA will decide whether a policy or service has a "positive, negative or neutral impact" on some sections of our school and local community. It will also be used to test future policies or services. The impacts will enable us to take into account the needs of different groups of people who share one or more of the protected characteristics defined by legislation.

We will consult with the local authority where necessary and our staff and Governors who are responsible for carrying out these assessments have attended relevant training or will be attending future training as part of their role.

We will assess the impact of;

- the issues identified through the involvement of disabled students, staff and parents/ carers, boys and girls, men and women; and people from ethnic communities etc.
- the effects of current policies and practices on disabled students and staff and parents /carers boys and girls, men and women; and people from ethnic communities etc.

Publishing and raising awareness

We recognise that our Single Equality and Community Cohesion Policy is a public document that should be available to any interested stakeholder.

Specific Duty

Under the Equality Act 2010, we recognise that from April 2012, as a school, we also have a "specific duty" to:

1. Publish sufficient information to demonstrate compliance with the general equality duty every four years, with an action plan review on at least an annual basis. This can include information on the effect that our school policies and practices have on protected groups.
2. Prepare and publish equality objectives in an accessible manner, to meet one or more aims of the general equality duty, and supporting the local authority in publishing relevant information to demonstrate compliance where necessary.

Examples of the types of information we will consider include:

- Information that was published before preparing our school objectives.

- Information about the engagement undertaken when developing objectives
 - placing the policy on our website
 - making it available on request
 - providing a summary in our prospectus, including our vision and key priorities
- Promoting and raising awareness of the policy through.
 - highlighting the existence of the policy on our Website.
 - staff development activities to raise awareness of the legal duties and the implications for staff
 - explaining how staff induction procedures include equality and community cohesion information about this policy

Monitoring and evaluating the Single Equality and Community Cohesion Policy Action Plan

We will regularly monitor and evaluate the implementation of our Single Equality and Community Cohesion Policy Action Plan. We will report annually on our progress and performance. Our annual report will be shared with Governors and our School Improvement Partner. A summary will be provided for parents and published in our prospectus and on the Website. Both will explain how the full report can be obtained. We will inform staff and students of our progress.

The findings of our annual report will be used to update the Single Equality and Community Cohesion Policy Action Plan and inform subsequent Equality and Community Cohesion Policies

We want this Single Equality and Community Cohesion Policy to be a ‘whole organisational’ document that drives forward equality and achieves improved outcomes. We will therefore ensure that the Action Plan is an integral part of our School Improvement Plan, and as such, our progress will have regular oversight by the senior leadership team and the governing body.

Information and data, both quantitative and qualitative, will be used to monitor and evaluate the implementation of the action plans including information on the school population, workforce recruitment, retention and progression, special initiatives, progress at key stage levels and targets and future plans will be reported on to ensure effective monitoring.

We will formally review, evaluate and revise this Single Equality and Community Cohesion Policy and Action Plan every three years, to set new priorities and identify new actions. This process will again involve staff, students, parents and governors who reflect the full diversity of the school community.

The school has a procedure in place for recording, reporting and responding to racist incidents. The school will continue to comply with the Local Authority procedure for monitoring racist incidents so that the information can be analysed. This procedure is outlined fully in the *guidelines for schools in combating and recording racist incidents*.

If a member of the public feels that they have suffered harassment or been treated unfairly by the school because of their age, disability, gender, gender reassignment, marital status, pregnancy or maternity, race, religion or belief or sexual orientation, they should report this without fail through the School's complaints procedure.

Complaints by staff will be dealt with under the Grievance or Dignity at Work Policies, as appropriate. Monitoring complaints is also another way of gathering information to see whether we are meeting our equality duties. We will report annually on complaints made and action taken as part of monitoring the Single Equality and Community Cohesion Policy.
