

## Kingsway Park High School

### **Bridging task: Science**

### Science practical equipment treasure hunt

**Hello year 6 this is Captain Lab from the Kingsway Park High School. When you join us in September you will be involved in lots of interesting science practical lessons. You will bring this to your first science lesson in school when you start in year 7.**

**Before you can set sail, and embark on these investigation adventures, you need to know the kit you will be using what it is for.**

**We call this essential kit - Apparatus (Equipment).**

**What we would like you to do is research the apparatus on the list below. You can do the task as a poster or as a list of information. For each piece of apparatus, can you include: A diagram, the name of the apparatus and what it is used for and for those who want to add a little extra to their work, find an experiment where you would use the piece of apparatus.**

- **Test tube**
- **Test tube rack**
- **Thermometer**
- **Bunsen burner**
- **Heat proof mat**
- **Stop clock**
- **Conical flask**
- **Tripod**
- **Gauze**
- **Spill**
