

Kingsway Park High School Planning Application

We are excited to let you know that a planning application will soon be submitted for a new school building at Kingsway Park High School.

The new school building will be three storeys and developed on part of the existing hard play area at the back of the school (to the east of the site in proximity to the Stiups Lane site access). It will provide new science laboratories and technology classrooms, as the current science and technology block is no longer fit for purpose. The existing building will be demolished once the new building has been brought into use. In place of the demolished building, a new landscaped courtyard with a high level canopy will be created. Both the new building and the canopy will include solar panels on the roof to help to achieve sustainable design goals and to tackle climate change.

There will be no change to existing vehicle or pedestrian routes into the school site, and there will be no impact on the existing car parks or the playing fields within the site. There will be no change to staff and pupil numbers; and during the build process the school will remain fully operational.

This development is funded by the Department for Education as part of their School Rebuilding Programme. Tilbury Douglas Construction has been selected by the Department for Education to design and build the new building. Tilbury Douglas is a national construction company with lots of experience of building schools.

Please send in questions or comments no later than 13 April 2022

Kingsway Park High School Planning Application

At this pre-application stage, the development proposals can be viewed online and you can also contact the Tilbury Douglas team if you have any queries or comments. Details are at the bottom of this page.

We are also holding a drop-in event at the school for anyone that wants to find out more or to ask any questions. The session will run from 4.30pm to 7pm on Monday 4th April and you can drop-in at any time.

Tilbury Douglas will be submitting the planning application in April 2022. Once the application has been submitted, it will be available to view and comment on online via Rochdale Council's planning portal:
